

# Employment Relations Authority

Te Ratonga Ahumana Taimahi

## **COVID-19 UPDATE 13 May 2020**

This update provides advice about the Employment Relations Authority (the Authority) during the transition to Alert Level 2.

We will be returning to our offices on Monday 18 May 2020 and will recommence office based operations during next week. Courier deliveries may be made to the offices but there will be no public access. We will issue further advice to parties and representatives about Authority operations, including investigations, under Alert Level 2 as soon as possible.

Our COVID-19 Update dated 21 April 2020 remains valid and is good guidance as to how parties and representatives can continue to engage with the Authority during the transition.
